### High Performance 7's Coaches & Managers Opportunity

Toronto Rugby is offering new and exciting 7's coaching roles for the Toronto Elite Reds 7's teams for the 2018 season. The TRU is looking for new and established coaches to help develop Ontario and Canada's next top 7's players. These coaches will develop the TRU's Elite High-Performance players towards a pathway that can include the Olympics, Canada Games, FISU, Pan-Am, Provincial Level and age grade Canada players. In these positions coaches will have the opportunity to work with some of Canada's best future 7's prospects and travel to top 7's tournaments in North America.

Some of Canada's current top 7's players internationally have played for the TRU and many for the Toronto Red's Elite 7's. Alumni include recent MNSB player for Canada, Josiah Moirra, who played on the TRU Red Elite 7's in 2015; winning the NY 7's Gold Cup. Many high caliber players like Hannah Darling, John Moonlight, Liam Underwood, Charity Williams and Ghish Landry, have all hailed from the mighty Toronto Rugby Union. Ten U18 team Canada players are currently developing with The Reds Academy in 2017.
